2023 Direct Service Workforce Investment Grant

Opportunity Enterprises has been awarded a Direct Service Workforce Investment Grant from Indiana's Family and Social Services Administration (FSSA).

Ninety-five percent of the funds received will be passed directly to our DSPs who work in HCBS programs. These employees can receive a total of six (6) bonuses based on employment status, average hours worked, attendance and annual training compliance. Bonuses will be paid in February, April, July, August, October and December.

For a limited time only, these DSPs have opportunity for an additional bonus for referring new employees to work in Respite. There is also a limited pool of funds available as a sign-on bonus for new Respite employees.

In addition to the FSSA grant funding, Opportunity Enterprises will be offering the same bonus to Group Home DSPs.

For more information about the grant, please visit: <https://www.in.gov/fssa/home-and-community-based-services-spending-plan/>

Please reach out to Mark Fisher, CFO at mark.fisher@oppent.org will with any questions regarding how Opportunity Enterprises is spending these grant funds.
